Vacancy

The Chair for Information Systems and Supply Chain Management is looking for student assistants for **5 to 8 hours per week** as of **April 2022**.

The activities include the preparation of presentations, organizational and substantive participation in research and practice projects, literature research as well as general work to support the chair's research activities. Furthermore, it is possible to write your Bachelor/Master thesis on one of our research topics.

Requirements:

- Student in information systems, business economics, economics, computer science or similar
- (very) good achievements in study
- Interest in the research topics of the chair
- Organizational skills, motivation, flexibility and team spirit
- Very good understanding of English
- Strong orthographic skill and knowledge in MS-Office

If you are interested, send your motivation letter with the usual documents (cover letter, tabular CV, certificates, etc.) preferably by e-mail **until January 23, 2022** to:

Ms. Sandra Lechtenberg (sandra.lechtenberg@wi.uni-muenster.de)
Department for Information Systems, Leonardo-Campus 3, 48149 Münster

Applications from women are strongly encouraged. Women with the same suitability to the team, competence and professional performance are favored. People with disabilities and equal qualifications are preferably employed.
