Your Name

## Animated Lists

1. This is an enumerated list
  2. It has the normal animation
  3. where each item appears per click
  4. With `pause[1]` the item is shown right from the beginning
- ▶ With `alert` the list is animated too –
  - ▶ But all items are visible from the beginning.
    - ▶ With each click, they are just highlighted.
    - ▶ The second level of the `itemize` environment uses the secondary colour, while the first level uses the primary colour.
  - ▶ You can change all colours in `beamercolothemeUniMSep.tex`.

## Blocks

### Definition 27a
