

Presentation of Seminars & Project Seminars

Summer Term 2015

Master of Science in Information Systems

(master-coordination@wi.uni-muenster.de)

What to expect from a ...

- Seminar (6 CP, 180h workload):
 - Elaborating a scientific topic, learn scientific working
 - Presentation of acquired knowledge and results
- Project Seminar (12 CP, 360 h workload):
 - Current research topic, often industry cooperation
 - Research as well as modeling and implementing information systems
 - Collaborating in a team

Application

- Web-”Application”:
 - Seminar Application Frontend via the Institute’s web page (www.wi.uni-muenster.de)
 - Log in (left column) with your ZIV account
 - Start seminar management tool.
 - Apply to the seminars / project seminars you like.
- Priorities:
 - for one seminar state at least **3** priorities
 - for more than one seminar state at least **5** priorities
- Too few priorities may lead to a (central) disqualification such that **no seminar** can be assigned.

The Students' Frontend

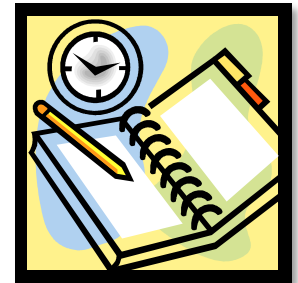

- Overview of available Seminars and Project Seminars
- You are guided through the application process
 - 1) Personal data
(address, matriculation number, etc.)
 - 2) Selection/combination of Seminars and Project Seminars
